All delivered by the RFM Group, on time and under budget

Removal of generator building housing 10,000 litres of oil to create additional car parking spaces

IT Luggage are a **London based, Global** supply business who were looking for a Principal contractor to undertake **full Category A** fit out of their UK headquarters. After approaching RFM Group as part of their tender exercise, RFM Group were awarded the **£800k Design and Build** works. IT Luggage were looking for a real **WOW factor** for their 120 HQ based staff and a truly **amazing workspace** for their existing clients.

RFM Group carried out refurbishment works including demolitions, alterations, design and build of a new extension. Mechanical, electrical, structured cabling and data, new stud and glass partition walls. New raised access flooring, washrooms, toilet facilities, decorations, lift refurbishment, were all part of the brief as was the creation of a **stunning 3,500 sq ft showroom**.

The project demanded the **coordination** of a high volume of staff to complete the project on time and without disruption to business. Precise project management enabled **us to deliver** the completed project on time and on budget.

The 32 week project was met with **complete jubilation** by the project team and the entire HQ staff.
