SUPPORT SERVICES.

Owning, managing or occupying a building comes with a degree of responsibility and an element of risk. That's why you need a facilities management partner who you know you can trust to take care of things.

Falling within the Facilities Management division, our Service team is responsive, reliable and covers you for a huge variety of everyday repairs, essential maintenance or unexpected eventualities. This key area of our business brings together qualified, skilled and highly motivated specialists representing dozens of disciplines, from roofing, plumbing and air conditioning right through to compliance, refurbishment and water mitigation.

VOID PROPERTY SERVICES.

FIRE, FLOOD + RESTORATION.

To make sure projects are completed quickly and effectively, we use tried and tested project management processes overseen by a dedicated manager and centred around our exclusive Proactive Account Management (PAM) system. Not only that, we'll carefully coordinate and integrate teams of workers on all large-scale projects, making best use of our resources and minimising any disruption to your day-to-day business.

As with all our work, we're able to satisfy requests for these services from businesses and organisations of every size and type, wherever they are in the UK. We also use our own commitment to sustainability to identify cost-effective ways for our clients to reduce their impact on the environment whenever it's commercially viable.

Whether you're looking for a small-scale or short-term solution to a specific problem or an ongoing contract to help keep your multi-site business up and running well into the future, our Service option gives you the scope and flexibility to create the perfect custom package.
